

SHOGUN SPORT

**MITSUBISHI
MOTORS**

Drive your Ambition

The Mitsubishi Shogun Sport brings the all-terrain legacy of the iconic Shogun bang up to date, with an adaptable dependable chassis, advanced driving technology, head-turning looks, and the latest in-car comfort and entertainment. Distinctively contemporary, stylishly sleek and ruggedly solid, the Shogun Sport has been designed to stand out.

At the front, eye-catching LED headlamps and daytime running lights blend with a distinctive horizontal grille and low-mounted front fog lamps to create an all-new signature look. Custom-matched 18" alloy wheels and a bold shoulder-line accentuate the rugged profile, while the one-piece tailgate and distinctive rear LED lamps leave a lasting impression. Step inside and you get a spacious and warmly inviting seven-seat interior, which offers up to 1,488 litres (VDA) of load volume with the rear seats folded down, as well as a wealth of technology to keep you entertained and safe on the road. If you want to conquer the great outdoors in style, then the Mitsubishi Shogun Sport really is the best of all worlds.

TAKE ON THE WILD IN STYLE

CONQUER THE OPEN ROAD

Wherever you're headed, the Mitsubishi Shogun Sport has been designed to make long road trips comfortable and relaxing. The all-aluminium 2.4-litre turbo diesel produces 181PS and 430Nm of torque. It works seamlessly with an all-new 8-speed automatic transmission and Mitsubishi's advanced Super Select II all-wheel-drive for the best blend of grip and performance. That means fuel efficiency up to 32.8mpg (combined) and CO2 emissions 227g/km.

Every journey starts seamlessly, thanks to keyless entry and a simple start/stop button, while premium features such as an electronic parking brake and electric power-folding mirrors, take the pressure off the driver from the start. On the move, we've thought of everything to make driving easier, including steering column-mounted shift paddles, automatic headlights, rain sensors, and cruise control with an adjustable speed limiter. We've even added Adaptive Cruise Control on the Shogun Sport 4.

ROOM FOR ADVENTURE

With seating for seven people, and up to 1,488 litres (VDA) of load volume (with the rear seats folded down), the Mitsubishi Shogun Sport is the perfect base camp for your next expedition with family and friends. Second-row passengers benefit from the same attention to comfort as the driver and front passenger, with rear electric windows and privacy glass as standard.

Inside the Mitsubishi Shogun Sport, there's plenty of room in which to fit your life: 1000mm load length with the third-row seats dropped down. 1,660mm load length with third and second-row seats folded. 1,280mm of load width, with 1,000mm between the arches. 880mm of load height. An easy-to-load floor height of just 840mm.

A silver Mitsubishi Shogun Sport is shown driving on a dirt road that winds through a hilly, grassy landscape. The car is positioned in the lower-left quadrant of the frame, moving towards the right. The background features rolling hills with patches of green and brown grass, and a few distant mountains under a cloudy sky. The overall scene conveys a sense of adventure and off-road capability.

THE ROUGH & THE SMOOTH

Whether you're on-road or off-road, the Mitsubishi Shogun Sport delivers the sort of outstandingly rugged – and simple-to-use – all-terrain performance that you would expect from a company with decades of off-road experience.

Mitsubishi's Super Select II all-wheel-drive lets you pick the blend of grip and performance to suit the conditions, while lockable centre and rear differentials add an extra degree of control and confidence for even the trickiest of terrains (see below). Add in clever safety features such as ABS with Electronic Brakeforce Distribution, Hill Start Assist and Hill Descent Control, and you've got the perfect blend of easy-to-use on-road and off-road performance that can take you anywhere.

PRIME POSITION

The Mitsubishi Shogun Sport was designed to offer a high level of comfort for every passenger. Black leather seats (with power adjustment for the driver and front passenger) and a stylish leather steering wheel and shift knob are standard, along with dual-zone climate control and electric windows. The Shogun Sport 4 adds heated front seats.

The Smartphone Link Display Audio* comes with six speakers, DAB radio and connectivity through Bluetooth®, USB and HDMI. Apple CarPlay** or Android Auto** can be accessed using the touchscreen or voice control, giving you plenty of ways to connect music, podcasts and phone calls. The Shogun Sport 4 trim offers an upgraded eight-speaker system with a 510W amplifier for an even greater acoustic performance.

*Please note that Mitsubishi cannot guarantee compatibility with all mobile phones and Bluetooth devices with the handsfree system fitted to this vehicle. Please check with the mobile phone manufacturer for further information on compatibility.

A SAFE PAIR OF HANDS

ULTRASONIC MIS-ACCELERATION MITIGATION SYSTEM*

Helps prevent accidental application of the accelerator when you're stationary or moving slower than 6mph, reducing the likelihood of low-speed impacts while you're parking your vehicle.

ACTIVE STABILITY CONTROL

Helps you maintain control in slippery conditions and during emergency manoeuvres. If the system detects a loss of grip, it works with the anti-lock braking system (ABS) to apply braking force to selected wheels. This helps the tyres to maintain traction and the driver to retain control.

BLIND SPOT WARNING*

This system detects vehicles in your blind spot and alerts you with an indicator in your side mirrors, helping to reduce the likelihood of accidents while you're passing other cars – or when you're being passed.

FORWARD COLLISION MITIGATION SYSTEM*

Using advanced radar technology, this system watches the road ahead, and warns the driver of potential accidents. It then automatically applies the brakes if needed, to help avoid or reduce the risk of damage.

*Model specific

LEAVE OTHERS IN YOUR WAKE

With an unladen ground clearance of 218mm and a wading depth of 700mm*, the Mitsubishi Shogun Sport has been designed to tackle the toughest off-road conditions.

The Shogun Sport's approach angle of 30 degrees and a departure angle of 24.2 degrees allow it to tackle steep inclines with ease, while an extended wheelbase of 2,800mm doesn't just create increased legroom for rear passengers – it also offers an impressive ramp breakover of 23.1 degrees for the tightest of peaks.

PULLING POWER

Thanks to its all-aluminium 2.4-litre turbo-diesel engine, – with 430Nm of low-end torque, available from 2,500rpm – the Mitsubishi Shogun Sport offers up to 3,100kg of towing capacity.

The Shogun Sport's advanced Super Select II all-wheel-drive system offers an efficient blend of grip and pulling power, both on-road and off-road. We've even thought about how to make attaching trailers easier. The Shogun Sport 3 includes a reversing camera with rear parking sensors, while the Shogun Sport 4 adds a 360° camera and front parking sensors.

Trailer Stability Assist

The Mitsubishi Shogun Sport comes equipped with Trailer Stability Assist, which detects 'trailer swing' when a trailer starts to oscillate during road driving. It controls individual wheel slip to prevent it. The system also warns drivers behind by flashing the brake lights on.

MITSUBISHI AFTERSALES CARE

With a new Mitsubishi, you not only get a safe and reliable vehicle that is a real pleasure to drive, you also become part of the Mitsubishi family. And as our nearest and dearest, we want you to feel protected should you ever encounter a problem – that’s why we have me&my, Which encompasses a wide range of benefits:

- A comprehensive **five-year, 62,500-mile warranty** (please ask your Authorised Mitsubishi Dealer for full details)

- The **Mitsubishi Assistance Package (MAP)**, which provides the reassurance of roadside or home breakdown assistance for the first three years following registration. It includes vehicle recovery following a breakdown or accident, help if your vehicle is stolen or vandalised, and even if you should accidentally fill up with the wrong fuel. 24/7 cover extends to over 30 countries throughout Europe. So wherever you are and whatever you’re doing, if the unexpected does happen help is always at hand.

- In the unfortunate event of an accident we have **Mitsubishi First** – our customer support service for all Mitsubishi drivers. No matter which insurer you use, Mitsubishi First smooths your progress through an insurance claim, handling everything on your behalf – and all at absolutely no cost to you.

And once you’re part of the family... it’s service with a smile.

A **Mitsubishi Service Plan**, purchased at the same time as your vehicle, covers the first three scheduled services for a modest sum. It can be included in your vehicle’s finance and transferred to a new owner if you sell.

Mitsubishi Motors also offer superior insurance cover at a competitive price which is specifically designed for Mitsubishi vehicles and uses only genuine parts and approved repair centres.
